Press Release

Taipei Taiwan, May 1st, 2009

TAMI's new Chairman and new President

Mr. Hsiu-Tsang HSU was elected as the new Chairman of the board of TAMI-Taiwan Association of Machinery Industry, on its general assembly meeting on April 2nd, 2009 at the expiration of Mr. Fred P.C. HUANG's term of office. Meanwhile, Mr. K.L. CHIOU was succeeded by Mr. C.C. WANG, as Mr. WANG was promoted and newly appointed as the President of TAMI at the same day.

The new Chairman HSU's business covers several major different sectors of machinery industry. He is currently the Chairman of Yung Shing Precision Machinery Co., Ltd., a specialized maker of industrial clutch brake for metal forming machine tools and industrial machinery. He is also the President and CEO of Taiwan Harlin Enterprises Co., Ltd., a producer of injection mold, injection mold tooling, plastic pallet and plastic containers. Mr. HSU personally is also one of the major share holders of ECOCA Industrial Co., Ltd., a famous lathe builder.

HSU is the board member of TAMI since 18 years ago. His perfect experience and connection with other board members and members of TAMI allows him a unique perspective on members needs.

Mr. WANG has worked for 35 years in machinery industry with significant experience. He most recently served as the Vice President for TAMI for 27 years. Before that, he previously served as engineer of MIRDC-Metal Industries Research & Development Center for 8 years. WANG currently also is the CEO of TMTF-Taiwan Machine Tool Foundation. These experiences are the best guarantee for the promotion on his position.

Mr. WANG has assumed the office of President on April 3rd, 2009, right after he was appointed.

Chairman Hsu(right) took the seal form the past Chairman Huang (left) at the 25th session of the General Assembly meeting of TAMI
